

## NEWS RELEASE

### **LEXSTON LIFE SCIENCES CORP. CONGRATULATES PSY INTEGRATED HEALTH INC.**

**Vancouver, British Columbia, September 28, 2021.** Lexston Life Sciences Corp. (CSE: LEXT) (the “Company” or “Lexston”) is pleased to announce that further to the news of July 7<sup>th</sup>, 2021 announcing the acquisition of 750,000 Class C Non-Voting Common Shares for a total of 13% ownership of Psy Integrated Health Inc. (“Psy Integrated”), Psy Integrated has celebrated their grand opening of its state of the art health and wellness center, Empower Health Clinic, in Vancouver, British Columbia on September 18, 2021.

Empower Clinic will be among the first health and wellness facilities in Canada to offer Psychedelic Assisted Therapy that includes Ketamine Assisted Therapy for treating individuals with mental health issues, mood disorders and chronic pain issues. Psy Integrated’s facility, also offers multidisciplinary psychedelic integration services, addiction services, trauma therapy, and neurotherapy.

In addition to the current health and wellness services being performed, Psy Integrated fully intends to expand their psychedelic assisted therapy programs to include Psilocybin and Methylenedioxy methamphetamine (MDMA) as the legal framework in Canada is developed to allow for it.

Initially established as a stand-alone organization, Empower Health now functions as a clinic brand of Psy Integrated Health Inc., a public benefit company founded in British Columbia on a unique approach to clinic management services, dedicated to fostering collaboration and support among locally owned integrated health clinics.

“Lexston is proud to be in partnership with such a progressive organization which is amongst the leading groups with Psychedelic Assisted Therapy in this country.” states Jag Bal, CEO of Lexston “The important work that Psy Integrated is doing, aligns with many of our own stated goals and objectives, including setting up clinical trials of novel formulations as well as uncovering the pharmacogenomics of psychedelic therapies.”

#### **About Lexston Life Sciences Corp.**

Lexston Life Sciences Corp. is a Canadian biotechnology company providing cannabis testing and research services. Lexston is also in the process of securing licensing under the exemptions prescribed by section 56 of the Controlled Drugs and Substances Act (Canada) to enable the expansion of its services into the psychedelic industry with an initial focus on the detection and quantification of psychedelic molecules in the lab and point of care. Lexston intends to develop and validate methods for standardized manufacturing of plant derived psychedelics in support of burgeoning trials in the field of mental health and wellness.
